Ring the Bell at Eight

MONDAY MORNING

Will Usher in the Second Week of Our

GREAT HOURLY AND MINUTE SALES

The past week filled our house full to overflowing with the largest crowd that ever entered a dry goods house in this city. All goods advertised were sold at the advertised price and at the advertised time. No deception will be used. This will be a week of very great bargains, and no doubt the crowd will be very large. Every morning special announcements will be made in the local columns. Every morning the bell will ring at 8 o'clock. Every morning at 8 the crowd will be here and the bargain hunt will go. One vast, busy scene all through the house. Every department receives its full share of attention, and every employe anxious and willing to please our patrons. Our Dress Goods Stock will receive very great attention during the entire week this department will be very attractive in point of bargains, and will draw a very large crowd. The Hosiery Department will present an ever-changing scene and will present some very great attractions.

Watch the local columns!
Watch for the Big Glove Sale.
Watch for the Big Parasol Sale!
Watch for the Big Domestic Sale!

The crowds will be here during our great Lace Sale! Great crowds will be all through the house, from one counter to another. Watching! Going! Shifting! Look out for Lot 1, Lot 2, Lot 3! Watch for the ringing of the bell! Pressing to the spot—our great display of goods. Making money! Buying goods at 50 cents on the $1. Selling goods cheap drawn the crowd.

WHAT YOU WILL NOT SEE.

A lot of ready made to order remnants. A lot of colored hand-bills all through the house.

WHAT YOU WILL SEE.

Busy employes and busy employes. A vast display of new goods. Great quantities of desirable bargains, and the largest crowd.

Mail orders will receive prompt and careful attention.

J. T. SHEWARD,

SPRING AND FIRST STREETS.

WORDS ARE IDLE

ACTS ALONE

Testify the Worth and Credit to Be

PLACED IN MAN!

We will not lose time in telling on paper what we can and will do—we prefer that our patrons should be the judges of our merit. What we propose to do the coming week is to illustrate in a manner that cannot be misunderstood, by living examples, the definition of the word

BARGAINS.

Each department in the house and every available inch on the counter tables will be crowded with bargains—goods at prices that will pay you to put them away until you need them. We mean to show all the public that the house does not exist within hundreds, yes thousands of miles, that can compete with the

PEOPLE'S STORE.

Built up by the public, maintained by the masses, the confidence intrusted shall not, dare not, be abused. Each day of the ensuing week goods from the NEWHALL PURCHASE and other sources will be placed on sale. As these goods were purchased at 50 cents on the $1 of their first cost, and landed here and sold at 25 per cent less than any merchant here can buy them, we will leave it to you to say whether or no we understand what a bargain consists of.

PEOPLE'S STORE.

Country orders promptly attended to. Our Illustrated People's Protector and Price List mailed free to any address.

WHAT DO YOU BURN?

The fuel of the future for Southern California is undoubtedly the coal oil found so abundantly in Los Angeles county, and the means of using it the ROWLAND OIL BURNER, a neat, simple invention, which can be applied to any ordinary cooking stove or range, and which is guaranteed to burn coal oil without smoke, odor, coking, trouble or expense. Burner is furnished at $10.00, which is equal to four cents or less per hour when in use. Also for sale, no smoke, no soot, no odor; no ashes; no dust.

ECONOMY. CLEANLINESS. CONVENIENCE.

Heats, bakes, boils or roasts to a perfection attained by no other fuel.

Two Hundred Now in Use.

What a few well known citizens (among many who testify to its merits) say about it:

From the KIMBALL MANSION (Geo. Hart, proprietor), one of the largest and leading hotels in the interior of Los Angeles county: "The Oil Burner you put in my range gives perfect satisfaction. It can be run at just half the cost of either wood or coal. It is the only roasting we can deliver hot, and the only oil stove we ever used that will perfectly broil a steak. We have had no apprehensions of explosions, as it is a vast convenience and gives better results than wood or coal. The heat can be perfectly regulated and baking done to perfection."

From WILTON SANTEE, member of City Council:

"I have the Edwards Oil Burner about six weeks and like it very much. It has given us perfect satisfaction for heating and cooking, and is more convenient than coal or wood, being clean and easily regulated. We can, by its use, do our cooking or expression and consider it perfect. It is economical, as we use about one-half less than wood for same service."

From J. NEURAUER, No. 322 South Spring street:

"Have used the Burner in our stove since October, 1884. Same is very satisfactory. It is interesting to see how it is patronized in connection with imported burners or reflectors, but that is not to be considered. It is durable and occasions no trouble. Have not to attend to it as to the best oil lamps, and have no apprehensions of explosion. Its use is economical, it is a vast convenience and gives better results than wood or coal. The heat can be perfectly regulated and baking done to perfection. Would not be without it for anything else ever used."

From REV. A. J. WELLS, 361 South Hill st.:

"Have used the Burner in our stove since October, 1884. Same is very satisfactory. It is patronized in connection with imported burners or reflectors, but that is not to be considered. It is durable and occasions no trouble. Have not to attend to it as to the best oil lamps, and have no apprehensions of explosion. Its use is economical, it is a vast convenience and gives better results than wood or coal. The heat can be perfectly regulated and baking done to perfection. Would not be without it for anything else ever used."

From H. NEURAUER, No. 322 South Spring street:

"Have used the Burner in our stove since October, 1884. Same is very satisfactory. It is patronized in connection with imported burners or reflectors, but that is not to be considered. It is durable and occasions no trouble. Have not to attend to it as to the best oil lamps, and have no apprehensions of explosion. Its use is economical, it is a vast convenience and gives better results than wood or coal. The heat can be perfectly regulated and baking done to perfection. Would not be without it for anything else ever used."

Call and see the Edwards Oil Burner about six weeks and like it very much. It has given us perfect satisfaction for heating and cooking, and is more convenient than coal or wood, being clean and easily regulated. We can, by its use, do our cooking or expression and consider it perfect. It is economical, as we use about one-half less than wood for same service."

Call and see the Burner on exhibition at the office of the company, No. 111 West First street.

The Los Angeles Oil Burning and Supply Co.

AUCTION!

THE WHOLE OF THE MAGNIFICENT STOCK OF

AMERICAN FRUIT EVAPORATOR!

The most practical and reliable Fruit Evaporator made. It gives unobstructed hot air currents ABOVE and BELOW all fruit, thus insuring evenness of drying and no spoiled fruit. Beware of infringements. THE AMERICAN is pre-eminently the fruit raisers' machine. Its sizes grade from domestic to manufacturing wants. It makes the highest quality of work with ordinary care in handling. There is no need of making anything else. Though we approve a slight use of sulphur, the AMERICAN is specially adapted for highest grade in unbleached work. It places fresh cut fruit first in highest and dryest heat; cures cut surfaces at once and keeps them dry, thereby setting and making permanent the color, and also thereby, as in broiling steaks, securing the highest quality in product. We place our experience in evaporating at the disposal of our customers. In some cases this gratuitous service is of more value than prices paid us for evaporators. Sold by

CATARRH!

Throat Diseases, Bronchitis, Asthma and Consumption, together with the Eye, Ear and Heart, successfully treated by

M. HILTON WILLIAMS, M. D.,

M. C. P. S. O.

Graduate of Victoria College, Toronto, Ontario; member of the Royal College of Physicians and Surgeons of Ontario; for three years Assistant Physician in the Toronto Lunatic Asylum; Throat and Lung Institutes; for fifteen years, and still, proprietor of the Detroit Throat and Lung Institute; Consulting Physician in and for the State of Michigan, and for several past Inspector of the Canadian Pulmonary Institute and Health Resort at Toronto, Ontario. Over 60,000 cases treated by us during the past nineteen years.

OZCENA.

Ozæna is the professional or technical name given to an advanced form of catarrh in which ulceration has extended to the mucous branchlining of the nose to the cartilage of the bone. Any case of catarrh may end in ozæna, but it most frequently occurs in those who are naturally scrofulous. The discharge takes place through the nostrils or through the throat, and is characterized by a yellowish or greenish-yellow color, frequently tinged with blood, and almost always attended by an offensive smell. In the language of Dr. Wood, of Philadelphia, "the disease is one of the most obstinate and disagreeable which the practitioner has to encounter. In bad cases the breath of the patient becomes so revolting as to isolate him from society, and render him an object of distrust even to himself."

In some instances pieces of bone become separated and slough off, leaving deep, unhealthy ulcers, which secrete a blood matter, and are extremely difficult to heal.

After ozæna has continued some time the sense of smell becomes impaired and often lost.

Deafness is one of its most common consequences and results from its extension through the eustachian tube to the internal ear.

Pains in the head and over the frontal sinuses, impairing memory, and seven humanity frequently springs from its extension to the brain.

The greatest danger, however, because the most common, is that it will extend downward and affect the lungs. In most cases of pulmonary disease catarrh is present in some degree, and in many instances it causes a large share of the patient's discomfort.

Besides these grave consequences, all of which are liable to spring from scrofulous catarrh or ozæna, there are others which, if less dangerous, are sufficiently unpleasant. Ozæna has great antagonisms to thosesan is of both sexes, by isolating them and preventing their association in life. An offensive running from the nose, with foul breath, is about as great a calamity as can befall young people. Every disease of this kind can be cured by our new system of practice.

CONSULTATION FREE.—Those who desire to consult with me in regard to their cases had better call at the office for examination and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

Female, Rectal and Chronic Diseases a Specialty.

LIFE OR DEATH PILES! NO CURE NO PAY

FISTULA, FISSURE, RECTAL ULCERS, cured without Cutting, Ligating, Burning or Swallowing Internally, by DR. A. W. BELLAROSOFF'S New, Sure and Painless System of operating. No chloroform or other used.

Over 1,000 cases 180,000 operations and not one death!

Shun the old painful caustic treatment—it is dangerous!

Rectal Diseases—Symptoms.

Bleeding and protrusion at stool tell you plainly that you have the piles or true hemorrhoids. Consequences.

Bleeding and severe pain at stool, and a severe pain with or without bleeding, with at some, small lump at mouth of rectum, without protrusion, tell you that you have Fissure. Cure guaranteed.

A discharge of matter from a small opening, or from small openings, having a hard pipe around opening, tell you that you have Fistula. Never allow the knife or ligature to be used. Cure guaranteed.

Constipation, slow, hard stool, want of exciting power in rectum, frequent attacks of, or constant diarrhœa, discharges of mucus, like white of egg, of blood and matter; itching about rectum, worse in bed; sensation of, aching and burning in rectum after stool; bearing down feeling; lame back, affected kidneys, liver, stomach, heart, numb limbs, burning soles of feet, dull pain in head, loss of memory, palpitation of heart, bladder and urinary trouble, pain in the abdomen, dizziness, nervousness, and so-called CONSUMPTION; nervous prostration, dyspepsia, breaking down of the whole system, and low complexion, distressed and peculiar countenance; no desire to labor; enemy gives; tired all the time; Bright's disease of kidneys; blood poison; blooting of the abdomen and stomach, inflammation and soreness of bowels, weak limbs; pale, haggard look; one or more of these symptoms tell you plainly—Rectal Ulcers. No use to swallow medicine or travel for health, for neither will cure you. While families die with this malady, and the doctors call it CONSUMPTION when it is no such thing, CURE GUARANTEED IF TAKEN IN TIME. The disease we treat and guarantee to cure destroy thousands annually, very often the cause not being suspected. We know what we say. There is no guesswork in our practice. Come and judge for yourselves. Charges reasonable. Consultation and examination free.

Office, CORNER SPRING and SECOND STS., Holtenbeck Block. my14

KUMYSS.

Milk Wine.

IS GETTING TO BE THE MAIN RELIance of the physician in all cases of debility in which prompt improvement of the general tone is imperative. Kumyss is the blandest and most easily digested food, and as such the best nourishment for a weak stomach, at the same time, through the process of fermentation which Kumyss undergoes, medicinal qualities are developed which we vainly look for in materia medica. In nausea, vomiting, extreme cases of dyspepsia, Kumyss acts like a charm, promptly relieving all the distressing symptoms of such cases. When the stomach rejects all else, Kumyss is retained and assimilated, affording the patient nourishment, strength and comfort, and, as a consequence, nervousness ceases and refreshing sleep follows. In scarlet, intermittant and typhoid fever Kumyss is the best diet. It satisfies thirst and hunger and allays the fever. It is also highly recommended in consumption as tonic and restorative. But not only in extreme cases should Kumyss be resorted to; it should be the chief remedy for a weak stomach.

The dyspeptic brain worker with a few glasses of Kumyss a day will improve his digestion, an d nerve force. Ladies would be less nervous, more vigorous and healthier looking, if they should add to their daily diet a few glasses of Kumyss.

Manufactured and for sale only by

C. LAUX, JR., Druggist,

208 North Main street.

There is nothing so refreshing and invigorating on a warm day as a glass of cold Kumyss, at Laux's Drug Store. ap10 tf

The Times.

Office—Temple, Main and New High.

Two more carloads of Holstein cattle constitute the latest acquisition to the rapidly growing live-stock industry of Los Angeles county. Alfalfa is destined to rival blue grass.

THE San Diego Union doubts the probability of the Atlantic and Pacific line being extended to Los Angeles. Our bay in climate neighbor is too pessimistic. The road is coming.

THE grasshoppers are still depredating in the upper counties. They are said to come "in clouds" and to be almost irresistable in their attacks. Let us hope that no ill-wind will blow them in this direction.

SANTA CLARA COUNTY seems to have fallen under the evil eye of the fire fiend. Other attempts at incendiarism are reported by last night's telegrams. A rope without any petroleum on it is the necessity of the hour up in that locality.

THE Supervisors yesterday sat down on their "esteemed contemporary," the City Board of Education, by ignoring the latter's recommendation in the matter of appointing the County Board of Examination. Influence is like lovemaking—not acceptable when too public.

ENGLAND having successfully dodged a war with Russia, gave vent to her exuberance of feeling by celebrating the Derby yesterday in such a manner as it has seldom been celebrated before. The Prince of Wales and many other royal and titled sports were present.

A FLORIDA opinion of the WEEKLY MIRROR is expressed in these words: "Your paper is a truly excellent one, and equals any weekly that I have seen along the Atlantic Coast; in fact, surpasses any sheet that I have in mind for size, amount of reading matter, and neatness of typographical execution."

THE Democracy are interested in the matter of Bible revision, particularly the great army of the faithful in search of postoffices. "Blessed are the peacemakers" has no comfort for them. They would have it read, "Blessed are the place-makers." To such a rendering they would accord a hearty amen.

THE United States is rich in horses. No other country under the sun, with the exception of Russia, whose vast empire covers one-sixth of the habitable globe, is as well supplied in this respect as we are. For all the exigencies of war or peace we have enough of these faithful servitors. This fact is no small item to set down to our advantage. Eleven million head of good horses is a feature of the country's wealth not to be despised.

THE Alta says editorially of Judge Field's letter, which we publish elsewhere: "Judge Field's letter is a good specimen of strong, vigorous English, in which a feeling of just resentment at indignities received struggles for courteous expression. It will be profitable reading for some who do not love him, and enjoyable reading for those who do." This seems to convey an oblique reference to and a sort of crosseyed squint at the Democratic brethren who artistically and violently leaped onto the Judge's political form at that historic assemblage, the Stockton Convention. We trust our Democratic brethren of the Stockton branch of the faith in Los Angeles will not be backward in coming forward with their views on the subject. Let us have a Field day—some more.

CITY BOARD OF EDUCATION.

TUESDAY, June 2d.

Board met in regular session at 7:30 P. M.

Present, Messrs. Gibson, Cochran, Elliot and Wade, President Gibson in the chair.

Minutes of the preceding meetings were read and adopted.

The Finance Committee reported favorably on bills as per demand-book and warrants were ordered drawn for the same.

Applications as follows were read and referred to Committee on Teachers and Salaries: J. N. Hewes, Fred F. Clark, A. W. Plummer, M. J. McMahon, A. E. Baker, Miss E. M. Evarts, Miss McGraw, Miss Mattie Wilson, Miss L. Watson, Miss Mary Phelps, Miss Nellie King, Miss Alice McCourt, Miss Clara Bruere, Miss Delia Curtis, Miss L. N. Davis, Miss Emma Fliesbman, Miss Minnie Davis, Miss M. E. Sabin, Mrs. E. Poindexter, Mrs. A. T. Williams.

The Census Enumerator reported the completion of the school census as follows:

Number of white children between 5 and 17 years of age.....5544
Number of negro children between 5 and 17 years of age.....35
Number of Indian children between 5 and 17 years of age.....2
Number of Chinese (native born) children between 5 and 17 years of age.....4

Total.....5583

White children under 5 years of age..2520
Negro children under 5 years of age..19
Indian children under 5 years of age..0
Chinese children under 5 years of age..4

Total.....2573

On motion the report was received and ordered placed on file.

On motion the President was authorized to cash the warrant received from the sale of the Central School lot, at a discount not to exceed $350.

Adjourned.

EAST LOS ANGELES NOTES.

Mr. Hanna, of the grocery firm of Hanna & Wren, is visiting friends in Anaheim.

Judge Page and family moved to Monte Vista on Tuesday. The Judge is largely interested in the new colony lately started there.

Complaint of the large number of loose stones in the streets is heard. Being so damaging to horses' feet and carriage wheels, they should be removed.

Several parsons who are desirous of engaging in different branches of the mercantile business on this side have been looking for suitable places to rent. No vacant stores to let at present.

The strawberry social, held at the Presbyterian Church Tuesday evening, under the auspices of the Ladies' Aid Society, was a success both socially and financially. Attendance good, proceeds $26.39.

All the residents of East Los Angeles are rejoicing in the fact that new switches are being laid along the street car line, and soon the number of cars now running will be doubled. This will bring them seven and a half minutes apart. The travel between East Los Angeles and the business part of the city has increased to such an extent during the last year that cars running every fifteen minutes, as heretofore, were entirely inadequate to accommodate the travel.

Maternal Concern.

The sale of single night tickets begins at the Opera House this morning at ten o'clock.

THE DERBY.

England's Greatest Sporting Event.

LORD HASTINGS'S MELTON THE WINNER

Unprecedented Attendance—A Full Budget From the American Turf.

Associated Press Dispatches to The Times.

LONDON, June 3.—The greatest event on the English sporting calendar, the race for the Derby stakes, was run to-day at Epsom Downs. The weather was brilliant and the attendance enormous. The winner of the race was Lord Hastings's bay colt Melton. He was the favorite in betting and was ridden by the famous jockey Fred. Archer. Captain C. Bowling's bay colt Faradox was second, and Mr. Childwick's bay colt Royal Hampton third. Paradox, the second choice in betting, was ridden by Webb Giles. Just before the race 7 to 4 was offered against Melton and freely taken, 5 to 1 against Paradox, 8 to 1 against Xaintrailles, 6 to 1 against Crafton, 10 to 1 against Royal Hampton, 12 to 1 against Kingwood, and 20 to 1 against the field, consisting of Chaubra, Lominary, Bedrain, Heraton, Estmling and Ligometz Colt. The Prince and Princess of Wales, and all their sons and daughters, went to Epsom by a special train to witness the race. Senator Payne, of Ohio, was among those present.

A good start was secured. Sheraton was first away and was closely attended by Xaintrailles and Royal Hampton. After 300 yards running Royal Hampton took a clear lead, followed by Sheraton, Crafton, Red Ruin, Xaintrailles, Lominary and King Woodwall, who were clear of Estering, Chaubra, Melton and the Ligmetic colt, the latter being the last. Passing the mile post Royal Hampton was still in the front place; Sheraton was half a length behind him, with Red Ruin, Crafton and Lominary next and Paradox at their heels. Estering headed the remainder of the racers, while King Woodwall and Melton were close up. At the top of the hill Royal Hampton again took a clear lead and was followed in order named by Red Ruin, Lominary, Crafton, Xaintrailles, Paradox and Melton. Rounding Lattenham corner Sheraton and Red Ruin joined Royal Hampton. The last, however, passed by Xaintrailles. Royal Hampton fell away beaten, leaving Paradox on lower ground ahead of Melton, the pair having the race entirely to themselves. At every stride Melton drew nearer to Paradox and finally passed him, winning a most exciting race. Xaintrailles finished fourth, Crafton fifth, Sheraton sixth, Red Ruin seventh, Lominary eighth, Estering last. The attendance was considered unprecedented. Besides the Prince and Princess of Wales and family, the Duke of Edinburgh and Cambridge and other royal personages were present. They were warmly greeted on their arrival at the train. Jockey Archer, after his victory, was the recipient of an ovation.

ACROSS THE ATLANTIC IN THREE SECONDS.

NEW YORK, June 3.—The message announcing the Derby winner was transmitted from London to New York this morning, by the direct United States Cable Company to the Associated Press, in three seconds—about the quickest time yet made between the two cities.

STALLION RACE MATES UP.

NEW YORK, June 3.—The Field, Turf and Farm this week will say: Correspondence by mail and wire has brought Mr. Case and Mr. Oakshott to an understanding, and now, if all goes well, the public will see the two great stallions, Maxey Cobb and Phallas, join in a battle for the crown at Cleveland, on the 4th of July.

A Colliery Afire.

LONDON, June 3.—Durham dispatches, just received, state that a colliery is on fire. It is the property of the Earl of Durham, and is known as "Margaret pit." It is now feared that all the men and boys within the pit will be lost. Their number is placed at 250. The excitement in the neighborhood of the burning colliery increases momentarily. Relatives of the imprisoned miners crowd around the mouth of the pit, weeping and wailing in a most heart-rending manner.

RESCUED.

A later dispatch says that all but 22 of the miners have been rescued, and those missing are supposed to be killed. The fire was caused by an explosion of fire-damp.

ANOTHER ACCOUNT.

Another dispatch from Durham states that the fire in the colliery near that place occurred in the top seam of the Margaret pit—the "Peggy pit," as it is known locally. It was caused by an explosion. Twenty-two men and boys at work there were killed outright. The explosion was followed by a rush of water in immense volumes into the Sutton seam. The miners, men and boys, were, however, taken out alive. Working parties are now laboring zealously to stay the floods of water rushing into the Mandlin seam, where a great number of miners are imprisoned, and whom the reliefs hope to rescue.

Rain.

NAPA, Cal., June 3.—Rain began falling here at 11:30 to-day, and some heavy showers have fallen.

AT SAN JOSE.

SAN JOSE, June 3.—Light showers fell at Santa Clara, Redwood and Belmont about 10 o'clock this morning.

STORM AT PETALUMA.

PETALUMA, June 3.—The cold norther, which blew a gale throughout yesterday, subsided last night, and there were several sprinkles of rain this forenoon. The temperature is mild, and the sky occasionally gives promise of much-needed showers.

SAN FRANCISCO.

SAN FRANCISCO, June 3.—A light rain here to-day.

The Iron Workers' Strike.

PITTSBURG, June 3.—There is but little change in the aspect of the iron workers' strike to-day. The strikers appear to be indifferently awaiting results. Manufacturers are taking advantage of the shut-down to either repair machinery or take account of stock. At 1 o'clock this afternoon Secretary Weihe reported that no more manufacturers had signed the scale. No interest is manifested in the mailing of circulars. Nailers say they do not at present expect any trouble, as they, as the manufacturers agreed on a two months' shut-down at their last meeting. Blowing of mills has, therefore, no significance.

The Indians.

DENISO, N. M., June 3.—Reports from San Carlos and Apache reservations say that the Indians are all quiet. No more hostilities are anticipated. No further particulars have yet been received from Fort Bowie. The reported capture of renegades by Capt. Smith's troops and scouts on the upper Gila is believed. The position of the troops and the locality in which the Indians were last heard from, there is little doubt but the report is authentic.

Murder by Horse-thieves.

BAKER CITY, Or., June 3.—The body of Louis Rivers, owner of a ranch in Sumpter Valley, was found riddled with bullets. Near by was his dead horse, shot in the same manner. It is presumed to be the work of a band of horse-thieves, who have been operating there some time past. E. A. Allen, another stockman in the same neighborhood, is missing, and it is supposed he has been murdered by the same band.

Railroad Combination.

DENVER, June 3.—The Transcontinental and Pacific Coast Associations met in joint convention at the Windsor Hotel to-day, and an agreement was made which permits the former association to make rates on California business upon paying to the latter certain agreed percentages. This practically gives to the Transcontinental Association control of the rates between Chicago and Pacific Coast points.

The First Wheat.

SAN FRANCISCO, June 3.—The first consignment of California wheat of the crop of 1885, arrived yesterday, from John Murphy's ranch in Stanislaus county. It consisted of a full carload. It is a fine looking sample and brought 142½ per cental.

Lighted by Electricity.

SANTA CRUZ, June 3.—Santa Cruz was lighted by electricity for the first time to-night. Forty Brush lights are in operation and the illumination is considered a success.

Fixing the Boundary.

LONDON, June 3.—A Simjon dispatch says that a meeting of the British Russian Afghan Boundary Commission is expected to take place soon, when the delimitation of the Afghan boundary will be taken up.

FIGHTING IN PANAMA.

Account of the Siege of Carthagena.

NEW YORK, June 3.—A steamer which to-day arrived from Panama brings the following account of an attack upon Carthagena: Late news from Carthagena confirms the intelligence received by the Spanish gunboat Ferdinand El Catolico and the American flagship Tennessee, Gaetan, on learning of the approach of government troops under Briceand, and their junction with a small force led by General Vila at Sincelejo, resolved on making a general attack on Carthagena, assaulting it both by land and sea. He paid dearly for his temerity. Securing a number of scaling ladders, he sent a force by sea to approach as silently as possible the walls of the city, and to cover this movement he began a most furious attack along his whole line. The siege works, particularly at Lapapa, were assailed from the sea side. They succeeded in placing many of their ladders, and a number of the men scaled the walls. Had a sufficient number done this before making demonstrations to attract attention, their triumph would have been secure. But with characteristic enthusiasm, when only about sixty men had reached the walls, they began the usual "Vivas" which brought upon them at once the main forces of the besiegos. The result was that the attack by sea was repulsed with frightful loss, the bayonet, machete and knife doing their deadly hand-to-hand work. Every man who reached the summit of the walls was killed or wounded, and many of their base who sought to escape by swimming were drowned. The loss of Gaetan's forces was nearly six hundred killed or wounded, and of loyalists fourteen wounded and nine killed. After the repulse Gaetan withdrew his forces and proceeded to Barranquilla to await the attack by the government forces.

PISCATORIAL.

Hard for Oregon—What the Fish Commission has Done.

CHICAGO, June 3.—One of the cars of the United States Fish Commission passed through Chicago last night on its way to Portland, Oregon. The car was in charge of Commissioner Moore, who said: "This is one of the most important shipments made by the Fish Commission. Shad has been successfully introduced at San Francisco and in the Sacramento river, but we have never yet tried to introduce them into Oregon and that is where this load goes. I have altogether about half a million shad in the car and I think we shall be able to make the long journey successfully. I intend to try and make the Pacific coast give us something in return and will endeavor to bring back with me some Pacific coast clams which I will take to Wood's Holl Station in Massachusetts and put them under the care of Prof. Baird." In talking of the general work done by the Fish Commission, Mr. Moore said that the effort to introduce some of the best kinds of English fish into American waters had been quite successful with the turbot sole, which had been put down at Sandy Hook. There have been and a part of the progeny have been caught. Scotch trout have also done well. Herring have been very successful, but the favor of the fish caught on this side seemed to have somewhat deteriorated. Perhaps the most profitable of all imported fish is the German carp, which is doing well in every State in the Union and will soon be very plentiful in the markets. California trout have been introduced throughout Georgia, Alabama, Tennessee and Virginia. In the great lakes the Commission had put down about fifty million whitefish.

A CIVIL SERVICE PROBLEM.

Can the Provisions of the Law be Dodged in This Way?

WASHINGTON, June 3.—The Post prints the following: Jas. B. Fowler was dismissed last Saturday from his position as Chief of the Pensions Division, Third Auditor's office, Treasury Department. Yesterday he was appointed a third-class clerk in the same division—a position within the classification of the Civil Service. This appointment raises another question for the Civil Service Commission. It is said to be illegal on the ground that Fowler's dismissal severed his connection with the Government as completely as if instead of being chief he had held a higher office. On this ground it is claimed he could not be reappointed without going through the Civil Service examinations and being legally certified. Should the Commission decide that the appointment is legal, the door will be opened w

THURSDAY, JUNE 4, 1885.

A Gratifying Assurance.

The welcome intelligence reaches us that the extension of the Atlantic and Pacific Railway to Los Angeles is a certainty. Without violating any confidence we can say that the Chief Engineer of the Atlantic and Pacific has given assurances that his company will run trains into our city over the San Gabriel Valley line by the first of January, 1886. We do not believe in anticipating good fortune by too much jubilation, but in this instance a little sounding of the "loud timbrel" may be pardoned. The splendid progress which Los Angeles has made in the past five years—advancing in population from 11,300 to 30,000—needs only this added impetus to send it forward to a city of one hundred thousand. "Nothing succeeds like success." Once the tide of prosperity reaches high-water mark, there is no checking it. Railroad competition is now the one thing required to place the trade of our city on a metropolitan basis, and to give us all the advantages of an entrepot for the great Southwest. We have always believed that, by right of geographical position, Los Angeles has a great future ahead. Not only the interior of Southern California, but Arizona and a portion of New Mexico are naturally tributary to this city, and cheap railroad rates will bind them to us "with hooks of steel." Then, as a distributing point for the large and peculiarly valuable products of Southern California, nothing can wrest the palm from our grasp. Our fruit and wine trade will extend throughout the United States. As yet we have only been sending out samples. Wait till the millions of the East become thoroughly cognizant of the products of Southern California,—fruits that come when their own are still green and the foreign grown are out of market—fruits that astonish with their beauty and captivate with their lusciousness—wait till they find out what they can buy from Southern California, and we shall then receive bulk orders.

But to derive the greatest advantage from such a trade, or even to establish it at all, we must have such railroad freights as will justify Eastern shipments. The transportation companies must be content with a fair share of the profits, leaving margins for the producer, the shipper and the seller as well. We have seen freights on fruit reduced from $400 per car to $250 and $225. There may be a further reduction to $150, or even $100 per carload without any danger of placing the railroad in the hands of a receiver.

The advent of the new railroad ought to work marvels in stimulating the industries, the commerce and the general prosperity of Los Angeles and of Southern California in general. With an abiding confidence in such a result we give welcome to the Atlantic and Pacific Company.

"Prohibition in Politics."

In the June number of the North [illegible] appears an article by [illegible] Prohibition in Politics," [illegible] FOR SAY [illegible] during the last Presidential campaign, naturally takes unkindly to the political policy of the Prohibitionists, and in the article from which we quote she lashes them lavishly.

The Prohibitionists having predicted that their candidate would receive at least a million of votes, Miss Hamilton in the following paragraph shows the difference between their predictions and the result:

The National Prohibition Committee in New York, January 8, 1885, gave the recorded vote for St. John at 95,000 in thirty-four States. The Union Signal, the organ of W. C. T. U., estimates the American vote gained to St. John by the fusion at 45,000. By no authority and no combination has the prohibition vote been set higher than 150,000. The total vote of the country was 10,035,-067. Comparing this political prohibition vote with the prohibition vote when it was not made a political issue, we find that in four States—Maine, Ohio, Iowa and Kansas—prohibition has received 920,000 votes, non-political against 45,000 votes political in thirty-four States. In Iowa alone, after a most persuasive and even thrilling, but non-political campaign, prohibition received 125,000 votes. The political campaign of 1884 reduced that vote to 1473. Is this an onward movement? Does it indicate wise generalship?

The article closes with the following severe summary of net results to the Prohibition party:

What political prohibition has thus far done may be summed up: By methods not only antagonistic, but quarrelsome sometimes even to the borders of scurrility, by misrepresentations that charity alone can attribute to misunderstanding, it has shamed its own prophecies, destroyed its harmony, depleted its own ranks, vitiated its own laws, defeated the party by which all prohibitory legislation has come, enthroned the party by which all prohibitory legislation has been opposed. This it can continue to do indefinitely, but no protestation on the part of its leaders, and no delusion on the part of its followers, can alter the fact that it is working in the interests of intemperance, and not in the interest of temperance. No intelligent observer can fail to recognize its character and its tendency.

Gail appears to have the weather gauge on the brethren who did their little level best to defeat Blaine and the Republican party. They will reply, perhaps, that they worked not for Cleveland, but for Cleveland's sister, who is a rank total-abstinence advocate. Happy thought! Considering the President's views and habits, the arrangement worked out in the White House is neat if not gaudy. Both sides to the temperance question are fully represented there. The President(ess) of the Prohibitionists, however, is without power in the citadel. The cohorts of Gambrinus hold the fort, and the Democracy are happier than their Prohibition allies.

JUSTICE FIELD.

Answer to Senator Cross's Letter—A Personal Explanation.

Justice Field has written a letter to State Senator C. W. Cross in reply to the open letter of the latter to the President. The letter is as follows:

WASHINGTON, May 13, 1885.—I have your letter, and write to thank you for it. Leaving out the kindly praise of myself, the remainder of it, from first to last, is a remarkably clear, temperate and admirably presented statement of the causes which have led to the unseemly violence of certain persons in California claiming to speak for the Democratic party. The disturbance among the Republicans in our State had given to the Democracy an ascendency at the election in 1882 which must have continued for years but for the destructive course of the ruling spirits at the Stockton Convention of last year. The indignity then put upon the Lieutenant Governor, the Attorney General, the leading Senators and their friends, was a reckless and unprovoked assault upon the Democratic party, no element of which can be struck without the blow being felt throughout the whole.

The Democracy throughout the country, interested as it is in the integrity of the organization in each State, cannot regard with indifference the wanton attempt of a temporary majority in a convention to drive out any portion of it upon questions of purely local concern. Much less will they approve when the object of such majority in so doing is to commit the Democratic party to the lawlessness of confiscation and the chaos of communism, as was the case in California. It is to be hoped that in the next convention the party will be represented by men who will remove the reproach thus put upon it, and that it will appeal to the people to be trusted as the upholder of law and order and the conservator of all men's rights, both of person and of property. For my own part, I should feel disgraced as a citizen if I found myself acting with the party which would sustain a tyranny, whether that tyranny was directed by organized wealth against the rights of plain people honestly toiling for daily bread, or by an insane or unreasoning mob against property rights guaranteed by law, upon which alone all must depend for protection against the robber rule of force.

I am, very respectfully,
STEPHEN J. FIELD.

May we be permitted to inquire of our Democratic friends, Mr. Stephen M. White, Col. J. F. Godfrey, Col. E. E. Hewitt, the Honorable Asa Ellis, J. DeBarth Shorb, *et id omne genus*, How do you like it, gentlemen?

An Honored Guest.

In one of the barouches in Saturday's procession not an honored guest of the Grand Army here, General Horace Binney Sargent. Until recently a prominent citizen of the old Bay State, he has long been conspicuous in loyalty to his country and comrades. Descended from one of those sterling Puritans who landed in Massachusetts prior to 1640, he inherits their traditional instincts of patriotism. Among the first to offer their services at the breaking out of the war of the rebellion, he was commissioned Colonel of the First Massachusetts Cavalry, a position which he not only occupied creditably, but so as to win the love and esteem of his command. He was then promoted to [illegible] General, winning additional laurels, until, under General Banks, in the Red River expedition, he received a wound in the right leg, disabling him from service for about a year. As a cavalry brigade commander he gained fresh honors and the esteem of all, serving till the close of the war.

Early in the organization of the G. A. R. this Massachusetts he devoted his sympathies and energies to the organization, and won the most conspicuous mark of honor ever yet accorded a member of the G. A. R.—being three times successively elected Department Commander. During his administration he persistently pursued the subject of the establishment of a Soldiers' Home, giving of his means without stint and devoting a large portion of his time in urging contributions and pecuniary assistance. His labors were crowned with such success that Massachusetts has in its Soldiers' Home in Chelsea one of the most complete beneficent institutions in the country.

Gen. Sargent is equally well known for his attainments in the lore of statesmanship, and his comprehensive grasp of all important public questions. He ranks among the most prominent of Massachusetts notables; and it is matter of congratulation that he is making his home in this county.

An Able Sawyer.

Asa Ellis, formerly of this county, appointed Collector of Internal Revenue for this district, may not get the plum he is reaching for, on account of incompetency to discharge the duties of the office. The President is making an examination.

C. H. D., a correspondent of the Sentinel, gives the following bit of history about the same matter:

Asa will fail unless he has improved a good deal lately. In '59 he was engaged in running Prewett Sinclair's old saw mill at Corralitos, and failed to collect much revenue from it; he could not make the old thing cut over a thousand feet a day. I took the old mill, fixed it up, and managed to collect a third more revenue from it than he did, and I am not a very good collector, either. Asa will not do.

Riverside Apricot Crop.

Valley Echo, May 30.]

The amount of the apricot crop of this valley has been variously estimated, and from the best information we can get there are about 600 acres planted in apricot trees, or about 60,000 trees, mostly one and two years old. The greater portion of this number being young trees, the average will be about ten pounds to the tree, making 300 tons. We think this will come much nearer the actual yield than 8000 tons, as we have seen it stated elsewhere.

BOARD OF SUPERVISORS.

WEDNESDAY, June 3.

All present in regular session.

Reports of county officers read, and ordered on the report books.

In re "old Carpenter road": Petition of B. Guirado et al., asking to have said road opened and obstructions removed. Referred to Supervisor Hinds.

The board then proceeded to the election of a County Board of Education. The vote stood: E. T. Pierce, of Pasadena, 3; J. M. Guinn, of Los Angeles, 1; Fred Clarke, of Los Angeles, 3; Mrs. C. B. Jones, of Sierra Madre, 2. Pierce and Clarke were declared elected.

In re De Golia lost bond of San Pedro railway: Referred to District Attorney.

In re road from San Fernando: Petition of J. S. Turner et al., complaining that road has been closed by E. K. Porter. Referred to Supervisor Foord, with power to act.

Tract of land in Highland Park School District, as recently established, was transferred to Pasadena road district.

Petition for the appointment of Samuel Levy as Justice of the Peace of Los Nietos. Heard and granted.

Petition for opening of Grove street, Anaheim. Referred to Supervisor Ross, with power to act.

Adjourned until Thursday.

The New Mojave River Colony.

Colton Courier, May 30.

Several items have appeared in our columns mentioning the fact that a party of Los Angeles capitalists had secured what is commonly known as the German colony lands, on the Mojave river, comprising some 30,000 acres of land. The gentlemen who purchased this land, we are informed, intend putting water on the tract and sub-dividing it into small farms, suitable for persons of moderate means. We are also informed the same company are negotiating for the purchase of the Mojave stock ranch, comprising some 5,000 acres of land, to which belongs a most valuable water right that can be used on the 30,000-acre tract. This latter ranch can be purchased for a very reasonable price, and it is worth many times the amount asked for it for the water right alone; in fact the Mojave stock ranch holds the key to the whole country near the head waters of the Mojave, so far as water is concerned. Should the gentlemen owning the German colony lands secure the Mojave stock ranch they will be able to place upon the market, with plenty of water for irrigation purposes, one of the richest and most valuable tracts of farming and fruit land to be found in San Bernardino county.

Mrs. Kate Brownlee Sherwood's War Poems.

Toledo Commercial Telegram.]

The volume of Mrs. Sherwood's poems—("Camp-Fire, Memorial-Day, and Other Poems," by Kate Brownlee Sherwood; Chicago: Jansen, McClurg & Company,)—is put up in just such dainty blue and gold and fine print as harmonizes with the character of the poems. For, however recondite and sonorous the melody of some of these wonderful war lyrics, it never lose that feminine delicacy which lingers like a subtle aroma. Some of the best of these are as well known to our readers as any of the literature of the war.

There is nothing to add, or to take away. Mrs. Sherwood is the National Head and Executive of the Women's Relief Corps; and her War Lyrics are the best of their kind. Mrs. Mary Ward Howe's "Battle Hymn of the Republic" is generally accepted as the standard; and Mrs. Sherwood has given us at least two better and more thrilling lyrics than Mrs. Howe's best.

SMILES.

At a church entertainment in Augusta the other evening they had a mock-school. One of the questions was, "What are the seven wonders of the world?" A was asked to name one wonder, B another, and so on. One of the class gave as the seventh wonder, "Who will get the Augusta postoffice." —[Lewiston (Me.) Journal.

The selection of the national capital as the seat for the proposed Catholic University has induced some of the Washington papers to pronounce their beautiful city "the center of learning in this country." Possibly this at first sight extravagant statement is based upon the fact that several Democrats have learned a good deal there lately.—[N. Y. World.

It is now given out that the fifty-one million-dollar package of money at the national treasury, for a long time used for the special delectation of brides, they being allowed to handle it, is nothing more than a package of paper carefully tied up and preserved. A man who would chest a poor bride is mean enough to do anything. Turn the rascal out.—[Indianapolis Journal.

The Indians are destroying large quantities of trout in the Santa Ynez river, Santa Barbara county, by the use of giant powder.

Storage.

Before you leave the city you will find it to your advantage to store furniture, pianos and other merchandise of any nature at Adams's auction and commission house, 19 South Spring street.

The Great Tonic and Nervine.

BANNING COLONY.

LOCATION:

Banning, San Bernardino County California, on

Line of Southern Pacific Railroad, miles directly East of Los Angeles. Railroad running directly through center of tract.

ALTITUDE:

2560 feet above sea level.

WATER:

Absolutely pure, clear and soft, and abundance of it.

ATMOSPHERE:

As near perfect as can be found on the globe.

SOIL.

Rich, deep and adapted to the production of the peach, apricot, pear, apple, nectarine, plum, prune, raspberry, blackberry, strawberry, gooseberry, cherry, and the entire grape family, both raisin and wine.

Depot, express and postoffice, store, meat market, good school, fine Union church and the best country hotel on the Pacific coast.

The above are some of the many advantages this colony possesses, and the managers are all reliable business men, and now offer land in this colony for sale to actual settlers, and to those who come to California seeking homes, as well as to those already in the State. We say come and examine land and water, and we will guarantee satisfaction. Stop at the Bryant House and ask for the manager of the Banning Land Company. For terms, etc., address,

NEIGHBORHOOD NEWS.

LUGONIA.

WEDDING BELLS AND FUNERAL KNELLS.

[Correspondence of the TIMES.]

LUGONIA, May 26.—On Sunday afternoon, May 24th, Mr. W. B. Reeves of Lugonia, was married to a Miss Nixon, of San Bernardino. The newly-wedded pair took up their abode at once in Lugonia.

One of the saddest occurrences which have taken place here for a long time was the death of Mrs. Ford, recently from the East. Mr. Isaac Ford, a promising young man whose home is near Philadelphia, came to Lugonia a year or more ago on account of his health, which has been so much improved during his stay, that he was loth to leave this health-restoring clime; consequently his mother and sister, another, desirous of seeing him, left their Eastern home a short time ago and came to California, stopping over Sunday at Santa Fe, N. M. Mrs. Ford took cold, which grew worse as she pursued her journey, so that by the time she arrived here pluro-pneumonia had set in, and she died about a week after her arrival. Many expressions of sympathy followed the bereaved young man and his aged relative as they sadly turned their faces Eastward, bearing with them all that remained of the affectionate mother who had taken the long journey to visit him.

To-day, May 26, the sympathies of the community were again aroused upon hearing of the death of Mr. John Bates, who may be looked upon as one of the pioneers of Lugonia, having lived here ever since the settlement had a name. Mr. Bates had been failing for a long time, but was not considered dangerously ill until a few days ago, when his strength gave way, and he began to realize that he must soon render up his account; so that he felt he could do without fear, as he had tried to maintain a conscience void of offence toward God and man. We shall long miss the familiar form of "Uncle Johnny," as we pass the humble abode where for so many years he has quietly tended his bees and honey. CONOLO.

ORANGE.

CONDITION OF THE GRAPE CROP—PERSONAL NOTES.

[Correspondence of the TIMES.]

ORANGE, June 3.—Water in the irrigating ditch is decreasing somewhat, hence the ranch owners now are compelled to take it by turns.

Dr. C. B. Bates, of Santa Barbara, made a flying visit to Orange last week. He was the guest of Dr. Wood.

Mr. Lockwood is cutting up his ranch into town lots and selling them at very reasonable rates.

The young people who have been away at school are now coming home for vacation.

The eighteenth birthday of Miss Edith Clark was duly celebrated on last Monday evening by a very pleasant party at her home.

A few persons complain of grapes dropping off, but it is probably owing to local causes; perhaps too much irrigation has made them tender and brittle from rapid growth.

Mrs. J. F. Bassett with her three little sons has been visiting friends here for some days.

The Presbyterian Church is becoming quite active on the question of trying to Christianize the Chinese who are among us, and by proper effort can be more easily reached than their brethren in China. The labors of Mr. and Mrs. Chapin in that direction have been very acceptable with this people.

THE COURTS.

WEDNESDAY, June 3.

SUPERIOR COURT—*Judge Cheney.*

Smith vs. L. A. I. & L. Co. Association: Passed for the session, to be placed at the head of the calendar after criminal calendar is set.

People vs. John Upshair: Disturbing the peace. Prosecuting witness acknowledged full satisfaction and paid costs, $7.45. Defendant discharged.

People vs. Cruz Verdugo: Grand larceny. Examination continued till Tuesday, June 9, at 10 a. m.

People vs. Jasper Randel: Assault to commit murder. Examination set for Tuesday, June 16th, at 10 a. m. Bail $2000. Committed.

People vs. Laura A. Read: Battery. Cause dismissed for insufficiency of evidence.

People vs. Jas. Reeder: Malicious mischief. Defendant acquitted.

People vs. Rosina Grijalva and Pedro Grijalva: Disturbing the peace. Set for Friday, June 12, at 10 a. m. Defendants released on their own recognizance.

SET FOR TO-DAY.

People vs. Vicente Morillo.

People vs. Chas. Sattler and Thomas Finnerty.

If you have a cough use Red Star Cough Cure. There's danger in delay.

Dr. Henley's celery Beef and Iron Is a fine appetizer and promoter of digestion.

For a first-class hair-cut, call on O. L Bunand, 327 N. Main street.

Worthless Imitations.

Beware of worthless imitations, and always ask for the best: Henley's Celery Beef and Iron.

FINANCE AND TRADE.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, June 3.—There was a good business in government bonds to-day, and quotations for fours and four-and-a-halfs are up ¼, while threes are ½ per cent. lower.

Stocks have been a little more active to-day than yesterday, and yet very dull from the opening to the closing of the Board. The total sales were 124,400 shares, of which Lackawanna and Granges contributed over 40 per cent. The lowest prices were made just after the opening of the Board, but they were immediately succeeded by a moderate rally, and continued strong on very slight fluctuations. The highest prices were reached about 1 o'clock and they were followed by a very slight reaction, when quotations again became steady and so continued until the close of the Board. A few changes are in favor of higher figures, advances ranging from ½ to ¾ per cent.

MONTE VISTA!

A New Colony Enterprise.

The Finest Tract Left at the Foothills.

Best Climate in the County.

At the gateway to one of the Grandest Canyons in the mountains. Soil the very best for all classes of Citrus and Deciduous Fruits.

More reliable and abundant supply of living water now supplied in iron pipes on the land than any tract in the county.

Only sixteen miles northwest of Los Angeles and four from the Southern Pacific Railroad.

Lands will be sold to suit the times and purchasers at from $10 to $100 per acre, including water piped to the land. This new settlement has been named

Monte Vista,

As applicable to the superb mountain view and the far-stretching vista out over the great San Fernando valley that is found here. This is one of the finest tracts for all purposes that has ever been put on the market, and persons looking for choice lands should not fail to themselves. Now is the time to buy, to get the benefit of low prices and the advantage of the present year's growth.

A BACK LINE will convey parties wishing to buy to view the tract every Thursday, by making arrangements the previous day.

A FOLDER, giving more full description of the locality and all particulars, may be had on application in person or by letter, with stamp, to the undersigned.

Notice to Purchase Timber Lands.

U. S. LAND OFFICE, AT LOS ANGELES, CAL., April 30, 1885.

Notice is hereby given that Frank D. Lesinan, of Los Angeles county, State of California, has filed in this office his application for the purchase of 2½ of NE¼ of section 25, township 3 north, range 13 west, S. B. M., under the provisions of act of Congress approved June 3, 1878, providing for the sale of timber lands in the States of California and Nevada, and all persons claiming adversely any of the said tract are required to file their objections with the Register of this office within 60 days from the date of the first publication hereof, or their claims will be barred by the provisions of said act.

M. REDDINGTON,
ap30 12m CHAS. R. JOHNSON, Register.

NOTICE.

To all persons who seek to settle on or enter the lands formerly granted to the Texas Pacific Railroad Company.

LAND DEPARTMENT OF THE SOUTHern Pacific Railroad Company, San Francisco, Cal., April 25, 1885.—Whereas, the Register and Receiver of the United States Land Office at Los Angeles, Cal., have published a notice, dated April 15, 1885, that "Pursuant to the instructions of the Honorable Commissioner, General Land Office, dated March 17, 1885, the lands, being the odd numbered sections of lands heretofore withdrawn under the grant to the Texas Pacific Railroad Company, now Texas and Pacific Railway Company, by the act of March 3, 1871, have been restored, and that the books of this (United States Land) office are now open for the entry of said lands under the appropriation, homestead and other laws relating to unoffered lands;" and

Whereas, the lands described in the said published notice and in the said instructions of the Commissioner of the General Land Office belong to the Southern Pacific Railroad Company, by act, the odd numbered sections within the limits of its land grant, under act of Congress, March 3, 1871, where such lands were overlapped in the southern part of San Diego county, Cal., by the grant to the Texas Pacific Railroad Company.

Now, therefore, the Southern Pacific Railroad Company hereby gives notice to all whom it may concern that it has fully complied with all the conditions of said act of Congress; that it owns the odd numbered sections inside the boundaries of its grant within said overlapping limits; that it forbids and warns all persons from entering upon or making settlement or improvements on the said odd numbered sections without first having made arrangements with the Land Department of the Southern Pacific Railroad Company for the purchase or occupation of the same, and that all persons who make settlements of the government and in the courts all attempts to acquire title to said tracts adversely to it.

30th June.

The distribution of the Childs tract lots. Price $600, in instalments of $25 per month. Apply for maps and circulars to O. W. Childs, No. 1, Opera House Building.

Wellington Coal

Is used by all economically disposed persons and is guaranteed to be the cheapest, cleanest and safest fuel now in use in this market. For sale by all retail coal yards in this city and county.

Rare or Well Done.

"Does it broil?" is often asked of the Edwards Oil Burner. We say emphatically, to perfection, retaining the meat juices without scorching, charring or taste of fire, so often occurring over coals or wood.

Monte Vista.

See advertisement of this new colony in another column, and for folders giving full particulars, call on Washburn, Gay & McKee, 19 West First street.

Headquarters will cause rejoicing.

HOLSTEINS.

Two More Carloads of the Dutch Cattle

COME OUT TO TRY ALFALFA PASTURAGE

The Second Band Introduced by Smiths & Powell, of Rochester, New York.

Twenty two stalls in Cooper's stable on Temple street were occupied yesterday by fat Holstein cattle that lazily swung their tails and chewed the cud of contentment.

"They are our second shipment to Los Angeles," said Mr. Powell, as he turned to a reporter after bowing out a party of gentlemen who had been looking over the stock. "The first lot of twenty-one was received in April. They, as well as the present lot, were shipped to fill orders. We never send out stock in any other way. The cattle are fired, you see, as they have just finished a long trip. To-morrow, when they are rested and we get them cleaned up a bit, they will make a better show ing. Of the twenty-two head, fifteen are to be placed in this county, two go to San Bernardino, two to Carson City, Nevada, two to Nordhoff, Ventura county, and one to Pomo, Mendocino county. All will be kept here Thursday and Friday to let them rest and for exhibition to the people of Los Angeles who may be interested in cattle."

The animals are mostly yearlings and two-year-olds. There is one five-year-old cow valued at $1000. From this maximum price the figures range down to $300 for the average yearlings.

The cattle are attractive in appearance, having shiny coats of black and white, and a well-fed, contented look that suggests their Dutch nativity. The strong points in their favor are that, while they are a deep-milking stock and good butter and cheese makers, they are also good for beef. So many points of excellence are not combined by any other breed of cattle. Experience has proven that it breeding for deep-milking qualities, great results are more readily obtained from animals of large frame and phlegmatic temperament than from the smaller and more nervous races.

These cattle are from Lakeside Stock Farm near Syracuse, New York. Smiths & Powell, the proprietors, rank as the heaviest importers and breeders of Holsteins in the United States, their herd now numbering about 600 head. The Los Angeles consignment is in charge of Mr. Edward A. Powell, one of the members of the firm, who has passed several months in this locality for the benefit of his health. He is accompanied by his brother, Joseph Beatty Powell, an attorney-at-law and also a member of the heavy live-stock importing firm of Powell Bros., Shadeland Farm, Springboro, Pa. As soon as the present consignment of cattle is delivered to purchasers the brothers will return to the East. Appended is a list of the cattle with their pedigrees, and the names of purchasers:

J. W. Bixby and Co. take the following named:

Aaggie Bonnie, 5 years, valued at $1000. She gave last season as a four-year-old heifer 12,267 pounds of milk. She is seventy-five per cent. of the blood of Aaggie 2d, which gave as a two-year-old 17,745 pounds of milk in a year. She has just completed as a five-year-old a ninety days' butter test, in which she made 304 pounds of butter, weighed after working, before salting—a record never equaled by any cow of any breed for the same time.

Sonnambula, a two-year-old, part Aaggie and part Alexander; dam, Aaggie Cornelia 2d, which gave last year 11,110 pounds of milk. Aaggie Cornelia 2d is a full sister to Aaggie Cornelia 3d, which gave as a four-year-old last year over 16,000 pounds of milk. The Alexander family is a younger family than the Aaggies, but promises to equal them both in beauty and quantity of milk.

Jacob Wits, Adnah, yearling heifer, sired by Jacob Wits, a bull valued at $10,000. Dam, De Ruiter's Beauty, sired by De Ruiter, and a sister to Aaggie Constance, which gave last year as a two-year-old over 16,500 pounds.

Jacob Wits' Cyrilla, yearling heifer, breeding very similar to the above.

The uniformity of this Aaggie family is something remarkable, as they can hardly be told one from another.

Cameo 3d, yearling heifer—Sired by Netherland Prince, who stands at the head of the Netherland herd. Price asked for service at $100. Has taken as a four-year-old three first prizes and one second prize at the New York State Fair. Has for three years stood at the head of the herd that has taken the sweepstakes gold medal prize. Mr. Powell claims him to be the best living Holstein bull. A sister to Netherland Prince gave as a four-year-old 19,000 pounds of milk in a year. Dam Cameo gave over 15,000 pounds of milk as a five-year-old.

Netherland Chancellor—Sired by Netherland Prince; dam, Aegis IV, a heifer that gave over 10,000 pounds of milk this year. Her granddam, Aegis II, gave 14,000 pounds of milk as a four-year-old, and made, last winter, 96 pounds 3¼ ounces of butter in 30 days. Her great-grandam, Aegis, has given 16,823 pounds of milk in a year, and made 18 pounds 2 ounces of butter in a week.

Jacob Wits, Plumed Knight, one of the Aaggie family. Sire valued at $10,000; Dam gave as a four-year-old 64 pounds of milk in a day.

Jotham Bixby has:

Meadow Lily's Pride, sired by Netherland Prince, out of Meadow Lily who is one of the Netherland family also, and a very deep milker.

Henry Hasken, of Compton, takes:

Randall, sired by Jacob Wits, dam Landegijk, gave 73½ pounds of milk in a day.

Stockwell Bros., Compton, buy:

Aaggie Evas Reform, sired by Cornelius; dam Aaggie Eva, an in-bred Aaggie cow, [illegible] 67 Daikuiter Aaggie Eva, who gave 9834 pounds when less than two years old.

J. E. Durkin, of the Slauson place, takes:

Lincoln's Peer, by Lincoln, an Aaggie bull. His dam gave 89½ pounds of milk in a day, and his granddam 80 1-6 pounds in a day.

Artis Amelia, sired by Artis, one of the most noted prize bulls of Holland, for which they refused $2000 last season. Artis's sire and dam are in the zoological gardens at Amsterdam as best specimens of the breed.

D. Raab, of Pasadena, gets:

Jacob Wits, Cornelius, sired by Jacob Wits, an Aaggie bull; dam Zilp, gave 77 4-5 pounds of milk in a day.

The yearling heifer Dusea, sired by William Third, a noted bull in Holland. Her dam Antje gave 77 4-5 pounds of milk in a day.

John McLaughlin:

Bull Jacob Wits, Mirick, sired by Jacob Wits, his dam Zuster Second; she half sister to Aaggie Bonner.

R. W. Waterman, of San Bernardino:

Two-year-old bull Lee Morgan, (weight over 1500 pounds) sired by Duke of Leesburg, dam Middy Morgan, a heifer that gave 41 pounds of milk in a day and 8000 pounds in ten months as a two-year-old; a half sister to Mollie Bawn, that gave as a three-year-old 16,391 pounds of milk in a year—A record never equaled by any animal of her age.

Testimony, sired by the district bull of Hoogmargl. Her dam De Wit, gave as a six-year-old 77 4-5 pounds of milk in a day.

Samuel F. Davis, of Carson City, Nevada, editor of the Appeal, gets:

Yearling bull Saratoga, sired by Jacob Wit, he by Jacob Second; his dam De Ruiter's Bonna; she by De Ruiter. De Ruiter was the sire of Aaggie Constance, a two-year-old heifer that gave the past season 76 pounds and 6 ounces of milk in a day and over 16,500 pounds in a year.

Black Queen, a two-year-old, sired by Vander Meer. Her dam, Juigs, gave 73½ pounds of milk as a four-year-old; granddam gave 77 4-5 pounds in a day.

Thomas Barrows, Nordhoff, Ventura county, gets:

Yearling bull Rossmore; sired by Jacob Wits, he by Jacob 2d. Rossmore's dam, Dezwarthop, gave 61 4-5 pounds as a three-year-old.

Yearling heifer Egypta, sired by K. Wit. Her dam, Porcelain, gave as a two-year-old 45 4-5 pounds of milk in a day.

John Mewhinney, Pomo, Mendocino county:

Yearling bull Jacob Wits, Conesus, sired by Jacob Wit. Dam Lize gave as a three-year-old 61 4-5 pounds of milk in a day.

30th June.

The distribution of the Childs tract lots. Price $600, in instalments of $25 per month. Apply for maps and circulars to O. W. Childs, No. 1, Opera House Building.

Headquarters will be a most important addition to Los Angeles county.

Ladies' Benevolent Society.

The semi-annual meeting of the Ladies' Benevolent Society was held on Sunday afternoon in Good Templar Hall. The officers made their semi-annual reports and other business was transacted. It appeared from the reports that 130 families had been relieved, amounting to $838.95, besides any amount of clothing given away. The calls for clothing, blankets, etc., have never been more urgent than at present. A vote of thanks was extended to the physicians and also to Dr. Wollweber for all medicines used.

Headquarters, the public benefactor, will be ready for business, Saturday, June 6th.

We Tell You Candidly

that next Saturday will be the greatest surprise ever known in the dry goods trade in this city, and it will likely continue all next week with variations. Friday morning the whole truth, and nothing but the truth, will be told. It will be told in such a way that it will bring tears to your eyes and money out of your pocket. We are too busy arranging for Saturday's great sale to tell you what we offer this day, but we do say that some of our very best bargains will show forth. Come in and look them over. It will be decidedly to your interest. J. T. SHEWARD

Headquarters will be the talk of the masses.

A Crowd on Spring Street.

There was an excitement on Spring street yesterday afternoon and a large crowd gathered in front of a popular dry goods establishment. Some supposed that an accident had happened and others thought it was a fire, but a closer examination showed that the crowd was principally composed of ladies who had been attracted to the People's Store by the announcement in the TIMES that black gros grain would be sold for $1.25, while as is well known, in no other place in the city could the same quality of goods be obtained for less than $2.25.

30th June.

The distribution of the Childs tract lots. Price $600, in instalments of $25 per month. Apply for maps and circulars to O. W. Childs, No. 1, Opera House Building.

Headquarters! Oh! Headquarters, what a boom you will be to the county of Los Angeles.

BRIEFS.

Three deaths yesterday.

The Los Angeles sails north to-morrow.

Business at the depot was very quiet yesterday.

The Two's voted last night to turn out July 4th.

An engine for the S. G. V. R. R. has arrived from the East.

S. H. Gowen is back on the police force, and began work last night.

The inquest yesterday showed that Mrs. Bernard Cohn died of apoplexy.

Dog-poisoning fiends are getting in their mean work in the vicinity of Pico street.

A loose woman from San Pedro, up for misdemeanor, died in the jail yesterday.

Jasper Randel was yesterday committed for grand larceny in default of $2000 bail.

The gutter on the east side of Spring street has been bouldered from Second street to Third.

A pleasant residence is going up rapidly on the northwest corner of Second and Hill streets.

The art loan exhibition of the Native Sons of the Golden West begins next Monday at Opera Hall.

The picnic of the Confidence Engine Company, No. 2, comes off June 14th, at some place not yet fixed.

Filed for record in the Recorder's office yesterday: 22 deeds, 10 mortgages, 7 releases, 2 miscellaneous.

John Smith, the opium slave captured Tuesday night, forfeited his $10 bail by non-appearance yesterday.

Cruz Verdugo, under arrest for grand larceny, will come before Justice Ranney for examination next Tuesday.

The "High Jinks" of Confidence Engine Company cost the boys $560. Hinman high, but we must have it.

Chas. Sattler and Thomas Finnerty, the Downey postoffice robbers, come up for preliminary examination in Justice Ranney's court to-day.

The manager of the Athletic base ball club desires it stated that only part of the City topics played in Saturday morning's game, the rest of the nine being picked.

The excavation for the Main street market house assumes vast proportions. The contract for the brick work has been let to Cyrus Willard, who will begin work next week.

Elmer Damron, an uncle of ex-Assistant District Attorney J. M. Damron, died of consumption yesterday. He came out here from the East, a couple of weeks ago, on an excursion.

The just completed roller-coaster, corner Sixth and Flower streets, had a formal opening last night. A large crowd was present, and the little cars shot around the huge circle like a flash.

Downs, the Anaheim burglar who escaped from jail here some time ago and was recaptured, has been laying his pipes for another break, but the Sheriff and Jailor were "onto" him.

Six new switches are being put in at various points along the line of the Central Railway Company, to admit of more frequent cars. The new arrangement will go into effect in about fifteen days.

The People vs. Read and The People vs. Reader were the titles of two cases in which a neighborhood squabble was ventilated in Justice Ranney's court yesterday. The judge Read Reader a lesson and dismissed both actions.

The Board of Supervisors yesterday elected Mr. E. T. Pierce, of Pasadena, and Mr. Fred Clark, of the High School, this city, as members of the County Board of Education. The recommendation of the City Board of Education for the appointment from this city was ignored.

As Officer Stanton was examining a double-action, 41-calibre revolver in the police station, yesterday afternoon, the gun went off. The ball went through the edge of the opened door, glanced on the wall, hit Captain Benedict's hat, and fell on the floor. It was a close call for some of the boys in the office. A big crowd gathered in two minutes less than no time.

A very drunken fellow dropped at the corner of First and Main streets last night. A crowd gathered to revive the supposed sick man. They rubbed his wrists for fifteen minutes with whisky, and then tried to get a glass of water down his throat. He had submitted before, but this was too deep an insult, and he protested with a vigor that scattered the duped crowd.

At the meeting of Confidence Engine Company No. 2, last night, Fred R. Stoermer handed in his written resignation as driver. It was accepted by the company, and will be presented to the Council Tuesday by General Brierly. This is the end of the long and unprofitable disturbance in the company. A vote of thanks was given Mr. Stoermer for yielding in the interest of harmony.

L. W. S. writes the TIMES that wishing her son to prepare for the study of the law she sent him up to Judge Cheney's court as a spectator, there to familiarize himself with the usages of the tribunal. That she finds the boy might about as well have gone to a saloon, on account of the obscene and profane language used in the courtroom by lawyers and others; and that a lady stenographer, among her friends, is shut out from attendance by the same state of things.

To-Night—To-Night.

The great catalogue sale continued at the Diamond House. Catalogues ready and goods open for examination.

Headquarters, how welcome you will be.

PERSONAL.

Gus W. Jones, of San Diego, is in the city.

C. A. Storke, of Santa Barbara, was a guest of the St. Elmo yesterday.

Rev. T. S. Wren, the Methodist Episcopal pastor of San Diego is in town.

Judge Conway, an "old residenter" of Riverside, accompanied by his wife, is at the St. Charles.

John C. Morrison sailed on the Ancon yesterday for Port Harford, and will shortly begin his duties as clerk of the Andrews Hotel, San Luis Obispo.

W. A. Boring, of the firm of Boring & Haas, has gone to San Francisco and Sacramento to buy the terra cotta work for the new market on Main street.

Mr. A. F. Harmer, an artist of note, whose home is in Philadelphia, has been in the city for a fortnight past. He was with General Crook in his campaign in the heart of the Sierra Madre two years ago, and has been with the Gray Fox on other expeditions. Mr. Harmer has made illustrations for the Harpers and also for a book entitled "The Moqui Snake-Dance," and is engaged in illustrating Capt. Bourke's forthcoming book on the Apaches, a work that is designed to "do up" those savages thoroughly. Mr. Harmer would be glad to locate in Los Angeles, but his work calls him to the Quaker City.

Arrivals at the St. Elmo: H. Wallace, A. Della Casa, San Francisco; Malcolm M. Arthur, E. Hibert, U. S. A.; G. W. Sorrel, San Diego; S. Sweig, San Francisco; H. H. Streeter, Los Lunas, N. M.; W. W. Whitney, Toledo, O.; C. N. Smith and lady, Santa Ana; J. I. Webber, Chicago; Mrs. Spencer, Misses Spencer, S. H. Spencer, London, Eng.; O. A. Strobel, Cincinnati; Alex. Jones, San Francisco; Henry Benecke, St. Louis; F. Block, L. Levy, San Francisco; C. A. Stork, Fred A. Moore, Santa Barbara; J. Hemer, San Francisco; A. J. Snodgrass, Ventura; R. J. Humphreys, San Francisco.

Arrivals at the St. Charles: R. Simmons, wife and daughter, Topeka; John Brown, Jr., San Bernardino; W. G. McVear, Elsinore; C. B. Bates and wife, Pomona; W. H. Wright and wife, Colton; J. B. Howard, Toronto; J. H. Barkus, Ventura; Chas. Merriman, San Gabriel; E. Corwin and wife, Riverside; Julius Peralta, Santa Paula; J. H. Keseon and wife, William Gibson, Tustin; Miss M. F. Marriage, Miss K. T. Marriage, Iowa.

Saturday, the opening day for Headquarters.

Programme of the Concert To-Night.
